

BUSINESS AND TECHNOLOGY (BI)

BI597: Graduate Business and Technology Internship I

This course provides you with an opportunity to gain hands-on experience in your chosen field of business, accounting, or technology through an immersive internship at an approved organization. The course aims to bridge academic learning with real-world application, allowing you to apply theoretical knowledge and develop practical skills in a professional setting. This experience will improve your skills and understanding of the expertise needed for career success.

Quarter Credit Hours: 2 | Prerequisite: Completion of core courses in field of study or permission from the Dean of the School of Business and Information Technology
