

MASTER OF HEALTH INFORMATION MANAGEMENT

(Currently Not Accepting Enrollments)

Description and Outcomes

Effective January 31, 2024, this program will no longer be accepting enrollments or reentries. Students interested in a similar program may consider the Master of Health Informatics (<https://catalog.purdueglobal.edu/graduate/health-sciences/health-informatics-masters/>) with the health information management concentration.

The Master of Health Information Management is designed to prepare you for a career in senior-level health information management. Based on various global health information management markets, the program incorporates an interprofessional approach to the curriculum through collaborative work.

You will study how to manage health information to support data-driven improvements in clinical, financial, and public health outcomes. The program includes graduate-level courses on senior-level health information management, global health information systems design, selection, implementation, support, and maintenance, epidemiology, quality indicators, systems testing and evaluation, privacy, and decision support and outcome analysis.

Program Length

The Master of Health Information Management program consists of a minimum of 48 quarter credit hours. Upon successful completion of the program, you will be awarded the Master of Health Information Management degree.

Program Outcomes

1. Health Information Management: Design effective business strategies based on concepts of leadership and management within health information.
2. Health Information Standards: Assess the impact of economics, ethics, professional standards, and the law on health information.
3. Health Information Policy: Develop health policies and procedures to address health information needs in the industry.
4. Health Information Finance: Evaluate health information systems based upon statistical and financial models.

Professional Competencies

In addition to the discipline-specific outcomes, professional competencies are integrated throughout your academic program. You can review the professional competencies associated with your academic program in the Professional Competencies (<https://catalog.purdueglobal.edu/graduate/professional-competencies/>) section of this Catalog.

Program Availability

For program availability, please refer to the U.S. State and Other Approvals (<https://catalog.purdueglobal.edu/policy-information/university-information/accreditation-approvals-memberships/>) section and Program Availability Information (<https://www.purdueglobal.edu/catalog-program-availability-info.pdf>).

Policies

Please refer to school-specific policies (<https://catalog.purdueglobal.edu/graduate/health-sciences/>) and the Policy Information (<https://catalog.purdueglobal.edu/graduate/policy-information/>) section for general Purdue Global policies.

Certification, State Board, and National Board Exams

Certification and licensure boards have state-specific educational requirements for programs that lead to a license or certification that is a precondition for employment. Prospective and current students must review Purdue Global's State Licensure and Certifications (<https://www.purdueglobal.edu/about/accreditation/licensure-state-authorizations/>) site to view program and state-specific licensure information.

Licensure-track programs may limit enrollment to students in certain states; please see Purdue Global's Program Availability Information (<https://www.purdueglobal.edu/catalog-program-availability-info.pdf>) to determine enrollment eligibility.

You are responsible for understanding the requirements of optional certification exams. Such requirements may change during the course of your program. You are not automatically certified in any way upon program completion. Although certain programs are designed to prepare you to take various optional certification exams, Purdue Global cannot guarantee you will be eligible to take these exams or become certified. Your eligibility may depend on your work experience, completion of education and/or degree requirements, not having a criminal record, and meeting other certification requirements.

Degree Plan

The  icon appears in the title of traditional courses that are also available as a set of module courses. Module course availability may be limited to certain academic calendars. See Course Types (<https://catalog.purdueglobal.edu/policy-information/university-information/approach-to-learning/>) for information about module courses.
