

PROGRAM CHANGES

You may request to change your program of study (between most programs) by working with your Student Advisor.

Changing your program can substantially impact your financial aid eligibility and additional charges may be assessed.

All coursework from previous programs that is accepted toward the new program will be used in calculating satisfactory academic progress.

To initiate the change of program process, speak to your Student Advisor. He or she will advise you on the process as well as how to submit any documents required by the desired program of study. The Dean of the program will make the final determination of acceptance to the program.

Transferring into or out of an ExcelTrack program may require making a petition to the Dean and, like any program change, could result in changes to transfer credit award and graduation date, and some repetition of coursework.

Undergraduate

You must have at least a 2.0 CGPA and meet the admissions requirements of the desired program of study. If your CGPA is below 2.0, but your GPA in all nonmajor courses is at least a 2.0, you may change academic programs with the permission of the Dean of the desired program.

Graduate

You must have at least a 3.0 CGPA and meet the admissions requirements of the desired program of study.
